English, Hindi

INTERESTS

Singing, Reading

SUMMARY

Software email tester and Quality Analyst with hands-on experience validating marketing and transactional email campaigns across clients, devices, and platforms. Proficient in functional, regression, and accessibility testing with Gamma, Litmus, GNP, Redwood, Diff Checker, and an in-house quality analyzer, delivering pixel-perfect rendering and reliable deliverability. Skilled in responsive design review, ADA compliance, and automating email testing workflows.

EXPERIENCE

SEP 2026 — PRESENT

Tech Process Senior Associate

Google Operations Center · Gurugram

MAR 2024 — SEP 2026

Quality Analyst

Continuum Global Pvt. Ltd. (CGXI) · Gurugram · Onsite Google via Continuum

- Led end-to-end email campaign testing, from build verification (smoke and sanity) through final pre-send checks, so every campaign shipped stable and accurate.
- Ran functionality, content, and regression testing on templates, validating links, CTAs, tracking parameters, personalization fields, dynamic content logic, and legal and brand copy before launch.
- Used Gamma, Litmus, GNP, and an in-house analyzer to run automated and manual cross-client and cross-device passes for consistent rendering on major email clients, browsers, and devices.
- Validated responsive layouts against Figma and Redwood designs with designers and developers, confirming alignment, image usage, and desktop versus mobile experience.
- Checked every URL for redirection and analytics accuracy, covering landing pages, UTMs, click tracking, unsubscribe, and preference-center links.
- Conducted ADA accessibility and usability testing, improving readability, keyboard navigation, color contrast, and alt text, then retested fixes for send sign-off.
- Supported A/B and acceptance testing across template variants, documenting defects and obtaining stakeholder sign-off ahead of send.

EDUCATION

2022 — 2024

Master of Computer Application

Aligarh College of Engineering and Technology

2018 — 2021

Bachelor of Computer Application

Aligarh College of Engineering and Technology
